The banner features a dark red background on the left with white text. To the right, there are three images: a medical professional in a lab, a group of people in a meeting, and a red sports car with its doors open. Below the banner are five green stars, the Trustpilot logo, and the text 'Excellent 4.9 out of 5'.

Following last week's government announcement, we have been inundated with registrations for our Summer Internships in London. **We are already more than 50% full across the board as students look to finally gain the in-person work experience they've been waiting for.**

Take advantage of these opportunities and register now to avoid disappointment.

What our students are saying

Our Summer 2020 Internships in London did go ahead, with strict social distancing measures in place. The feedback averaged an outstanding 9.2/10!

Student on The Young Engineer Summer Internship, 2020

Excellent & informative!

It was excellent as it was very informative and explanatory. The course covered everything that a young engineer would require including practical demonstrations, working as a team, engine inspections plus all our questions were answered by the panelists, even the possible job opportunities and how to get started even if someone has zero experience in this industry.

Student on The Young Investment Banker Summer Internship, 2020

Expert advice & great insight!

An excellent experience that I would recommend to anyone interested in becoming an investment banker. The programme offers you the opportunity to take part in live simulations, offering you an insight into the world of an investment banker, as well as expert advice on how to break into the competitive world of investment banking. Truly outstanding and incredibly helpful for me.
